Egro Next is the new frontier in fully automatic coffee machines. Featuring stylish ergonomic design, Egro Next is intuitive, easy to use and to clean.

It guarantees top-quality results for all types of coffee, milk and powder-based drinks.

Recommended for locations with an average daily consumption of 250 coffee cups, Egro Next has been designed mainly for use in hotels, offices, fast-food restaurants, convenience stores, service stations, cafés and self-service facilities, and is available in 3 versions: Pure Coffee, Quick Milk, and Top Milk.

## RECOMMENDED DAILY OUTPUT:

---

PURE COFFEE  
& QUICK MILK:

x250

CUPS PER DAY

TOP MILK:

x300

CUPS PER DAY

# ULTRA HIGHLIGHTS

## 1

### COFFEE

---

#### **Swiss Coffee Technology**

Top-quality results at every cup, thanks to a stainless steel brewing group equipped with Self-Adjusting Grinder technology and separate boilers for coffee and steam.

## 3

### INTERFACE

---

#### **10" HD Touchscreen**

Swipe, tap and scroll with ease through the menu. It's as easy as using your smartphone, with all preferences and drink selections at your fingertips.

#### **Easy Switch**

Customise different menus and easily switch between self-service mode for breakfast and barista mode for lunch or dinner selections at your fingertips.

## 5

### ADD-ONS

---

#### **Total flexibility for every business**

Modular portfolio, flexibility, add-ons, fridges, optional features and payment systems to create a bespoke setup for every instance.

## 2

### MILK

---

#### **NMS+**

Top-quality milk foam every time, with great consistency, personalised for all beverages, even during the busiest work hours.

## 4

### DESIGN

---

#### **Built to last**

Stainless steel brewing group and high-value components come together in a robust design for high performance and maximum durability.

## 6

### CLEANING

---

#### **Easy to clean**

Daily cleaning program and rinsing cycles.

# SWISS COFFEE TECHNOLOGY

## STAINLESS STEEL BREWING UNIT

---

The stainless steel brewing unit is available in two brewing chambers with different capacities, either 18 g or 22 g. (optional). The latter version allows you to prepare extra-large American coffees in a single brewing cycle.

## STAINLESS STEEL FLAT BURRS

---

High-precision grinders are equipped with titanium coated stainless steel burrs to provide consistent coarseness for top-quality espresso brewing.

### 54mm

BURRS DIAMETER

## DUAL BOILER TECHNOLOGY

---

Two separate boilers for coffee preparation and steam.

### 0.5 1/16.9 oz

COFFEE BOILER CAPACITY

### 1.9 1/64.2 oz

STEAM BOILER CAPACITY

## SELF-ADJUSTING GRINDER
